### Our Mission

At VIU Now, we believe that receiving the proper support and guidance can transform an already bright individual into so much more. We are here to be that support system, and help our recipients reach their fullest potential and bring all of their dreams to life. All of our recipients are intelligent, bold, and undeniably personable, making our work at VIU Now incredibly meaningful and worthwhile. Over the years, our contributions have earned us the reputation of being the best Scholarship Fund in the greater Fairfax area — and we couldn't be any happier to pursue what it is we love the most.

### Funding Opportunities

### VIU Annual Fund

The VIU Annual Fund is your primary vehicle for giving in support of the University's educational mission. Since its founding, alumni, parents, friends, faculty, staff, and students have consistently provided resources that are put to work immediately. Each and every year, Annual Fund donors create opportunities for students and faculty where the need is greatest. Gifts to the Annual Fund are among the most important, because they have an immediate impact on the entire VIU family.
